

FOR IMMEDIATE RELEASE

Industrial Video & Control Expands Certified Product Line with Class I Division 1, High Definition Video Camera

The APTZ-3045-06 delivers broadcast-quality video and is ideal for monitoring demanding and hazardous environments

Newton, MA – October 8, 2015 – Industrial Video & Control (IVC) announced today the availability of its APTZ-3045-06 high definition, industrial video camera that is designed and certified for use in hazardous environments. This rugged pan-tilt-zoom camera offers 1080p resolution and excellent low-light performance at a low price point.

IVC sells its line of Class I Division 1 certified video cameras to customers who require high-quality video in areas where ignitable concentrations of gases or liquids exist. Devices classified as Class I Division 1 must also be incapable of causing ignition of a mixture of flammable or combustible material. IVC's line of Class I Division 1 video cameras meets this rigid standard. The APTZ-3045-06 was tested and certified by Intertek.

“The APTZ-3045-06 offers crisp, detailed HD-SDI video in a rugged enclosure and is suitable for a variety of applications,” said Norm Fast, CEO of IVC. “It’s a quality, economical solution for harsh, demanding environments.”

Manufactured in the United States, the APTZ-3045-06 is a rugged, HD-SDI, color video camera and includes a 30x pan-tilt-zoom. It’s housed in a Class I Division 1-rated stainless-steel enclosure.

This video camera works with IVC’s full line of video management software offerings including the IVC Relay Server and IVC’s Longwatch camera management software. The camera also integrates easily with 3rd party video security systems or can be operated through a user’s SCADA system. The APTZ-3045-06 is shipping now.

About Industrial Video & Control Company

Founded in 2001, Industrial Video and Control is a leading supplier of cameras and video systems specifically designed for industrial applications.
